Projects

Ask GPT / CSS, Next.js, OPENAI API, React.js, JavaScript

August 2025 - August 2025

- Developed a modern AI-powered chat application enabling real-time conversations with OpenAI's GPT-4o-mini model.
- Integrated a responsive and visually appealing interface using Next.js 15, React 19, and modern CSS techniques.
- Implemented secure server-side API routes for message handling and OpenAI integration.
- Live Demo Link: <https://the-ask-gpt-ai.vercel.app/>

Red Chief Landing Page / Tailwind CSS, JavaScript, React.js

June 2025 - June 2025

- Designed a modern and mobile-responsive product landing page to highlight Red Chief's bestsellers.
- Implemented reusable UI components and optimized page layout for better conversion.
- Participated in team code reviews to align with brand identity.
- Live Demo Link: <https://red-chief-landing-page.vercel.app/>

Uttar Pradesh Tourism / CSS, JavaScript, Three.js

May 2025 - May 2025

- A digital publication platform that showcases the diverse culture, heritage, natural beauty, and tourism potential of the state of Uttar Pradesh.
- Designed to serve as a rich, engaging, multimedia magazine for both domestic and international audiences interested in exploring Uttar Pradesh's destinations, history, traditions, and ongoing tourism initiatives.
- Implemented reusable UI components and optimized page layout for better conversion.
- Live Demo Link: <https://uttar-pradesh-tourism-magazine.vercel.app/>

Portfolio Website/ Tailwind CSS, JavaScript, Next.js, React.js

April 2025 - May 2025

- Built a fully responsive portfolio to present professional information and project work.
- Included custom animations, navigation structure, and GitHub-linked project sections.
- Deployed using Vercel for continuous integration and fast performance.
- Live Demo Link: <https://amritesh-singh-portfolio.vercel.app/>

Certificates
